

## Spring Flowers

**Draw or paint some of the spring flowers that are emerging.**

There are lots of snowdrops around, but we've also seen the odd daffodil. They are such a welcome sight and a reminder that we are really heading into Spring. Paint or draw the spring flowers that are emerging. We've also seen winter aconites, crocuses, tete-a-tete and primroses. Get your paints or pencils out to capture those glorious much needed colours, or pens and pencils to record the many different shapes of flower.

### YOU COULD USE

- ❖ Paper or a sketchbook
- ❖ Any painting or drawing materials
- ❖ A camera if you want to take photos
- ❖ Coloured pencils or pastels

**Here are some Spring flower paintings and drawings from our members.**
