

WEATHER THOUGHTS

We invite you to think about your favourite weather, or a vivid moment you can remember where the weather was significant for some reason. Depict your memorable scene or weather that you long for.

YOU COULD USE

- * Paper or a sketchbook
- * Paints, pastels, colouring pencils
- * Pens, pencils and a rubber

ACTIVITY

Paint or draw a picture of the scene you remember. You could write about it or simply give yourself a few moments to think about it. Spend some time being British and considering the weather!

You might also like to challenge yourself with a weather prediction for the week ahead. Write down what sort of weather you think we'll have each day (without checking a forecast) and see how accurate you were.
